A large crowd of students in white shirts and blue ties are posing on the wide stone steps of a traditional Chinese building with multiple tiers and ornate roofs. The building is identified by a sign as 'Wangyu Pavilion' (王御楼). A banner at the bottom of the steps reads '青岛礼贤教育集团 “学向贤南，红色知行” 研学团'. The scene is set during sunset or sunrise, with the sun low on the horizon behind the building, creating a warm glow and long shadows.

## A large group of students, mostly wearing red jackets, are posing for a group photo in front of a massive, powerful waterfall. The waterfall is cascading over a rocky ledge, creating a large plume of white mist. The background features steep, rugged mountains under a cloudy sky. The students are arranged in several rows, smiling for the camera.

## A group of four students, three men and one woman, are in a chemistry laboratory. They are all wearing white lab coats. The man on the left is holding a small, clear, rectangular object (possibly a crystal or a small piece of equipment) and showing it to the others. The woman on the right is looking at it with interest. In the background, there are shelves with various bottles and containers, and a window showing other people in lab coats.
